Dear President,

I would like to inform you that in the Grand Prix competitions in Antalya and Boè we are using 1/48 and 1/24 elimination. The top 104 athletes are seeded according to their positions in Qualification Round and the 8 top athletes have byes.

As FITA is using such a format for the World Championship in Turin and for the 4 World Cups, EMAU decided to use the same scheme in order to have the same competition format in all the events in 2011.

Best regards.

Secretary General
