**Motion n. 3**

EMAU Council  
C&R , Article n. 1.6.13

Junior Development Committee  
3 Members of the Junior Development Committee will be elected by the Congress, as the other EMAU Committees.

Rationale

For our MAs the growth of the cadets and the juniors has a primary importance, so it is fundamental that their activity is guarded and scheduled by a proper EMAU Committee. The members of such a Committee must be elected by EMAU Congress and chosen among the candidates presented by the belonging Federations. This election engages the direct involvement of the MAs in a more and more wide project of development of the juniors' activity, which is the prior goal for EMAU.

If the Congress approves this motion, the election of the Members of the Junior Committee will also take place in the 2006 Congress under the respective Agenda-point for elections.
