On September 19<sup>th</sup>-21<sup>st</sup> 2008 was organized in Sofia/BUL the EMAU 2<sup>nd</sup> level coaching seminar, for the same 33 participants from Serbia, Cyprus, Greece and Bulgaria, who had attended to the previous 1<sup>st</sup> level.

This seminar was again hosting by the Bulgarian Archery Association.

The lecturer was Mr. Ivan Yotov and the main seminar subject was Equipment knowledge and Tuning. He had prepared a seminar Booklet in Bulgarian language, with a lot of pictures. The lecturing themes were part of the FITA coaching manual, enriched with parts of the personal coaching experience of the lecturer on tuning. He also prepared a Booklet from the Easton Tuning Publications, in English language. Copies of both Booklets, were given to all participants, which helped them to follow easily the lecturing sessions. The indicated pictures helped the participants to avoid unnecessary questions.

The lecturer used multimedia for his lecturing presentation and was also demonstrating in practice details of his lecturing, especially when teaching on bow tuning and adjustments.

On the last day of the seminar, all participants have given written exams on the lecturing themes. They replied on 10 questions, set by the lecturer, where they all succeeded to pass successfully. Their lower degree was 7,5 and the best 10.

Before the end of the seminar, all participants received an EMAU Certificate, stated that he/she "is Clubtrainer in his/her country".
