v1.3 – 24th September

Dear Team Captains

Welcome to the province of Sassari, in the island of Sardinia, Italy, at the 2nd 3D Archery European Championships.

The Arcieri Torres-Sassari Club have already organized an European Indoor Championship in 2004, an European Grand Prix in 2005, and have been organizing the International Field Tournament of the Baratz Lake, a double arrowhead, for quite a few years.

Last year as a test event the Italian 3D Championships were held here, with the courses at the Baratz Lake, and the archers and officials hosted in the Oasis Hotel, with some 250 competitors. Far beyond the requirements of the European Championships, and I have to say that it was a success.

I'm sure that you all will enjoy the beauties of this charming island. Not far from the hotel you have extraordinary sites to visit, as the historical city of Alghero where my mother tongue is still spoken, with its walls facing the sea, the prehistorical site of Palmavera with the remains of an important nuraghe, the impressive Capo Cacia with its wonderful Neptuno Caves. Further to the north the beautiful Stintino beaches, and so many other sites. You have plenty of appealing visits to fill your after competition time.

The preparations of the Championships have been completed and Thursday we will start the competition with the two qualification rounds. Please do not hesitate to make comments and give us feedback on the Championships, which might assist us in improving the next one.

Bets wishes of success and good luck to all participants.
