EUROPEAN Youth CUP 2016 1-st leg Hévíz, 2-7-th of May

Non competing archers will be allowed to use the Practice field. The schedule is published. For finals the competing athletes will have the warm up organized next to the final field.

3.5. Equipment Inspection

Equipment inspection will be run following the program of the official practice. Each team will be called (in the English alphabetical order) and invited by the announcer to the dedicated place for the Equipment inspection on the competition field. Also all spare equipment must be brought to the equipment inspection.

All team members (archers and officials) should wear their team uniforms.

The correct spelling of athlete's names, as well as the correct date of birth in the archers' list will be checked during the accreditation.

The start numbers will be given at the warm up on the day of the competition (it will be distributed on the shooting line, in front of each archer's position). When receiving the registration numbers, we would like each Team Manager to double check that each archer has the correct "athlete number".

There are some late arrivals of teams; however we will try to publish the start list before the start of the Official practice, so archers can practice on their assigned targets.

There is no access to the Competition field for the Official practice before the accreditation is done.

3.6. Qualification Round & Information on scoring

Teams will find target assignments in the mail boxes at the venue.

Shooting in qualifications will be conducted with 4 archers per target in AB-CD format.

For the qualification rounds, no faces will be changed after the practice arrows. Please instruct the archers to mark the arrow holes during practice.

The athletes will have double scoring from qualification round till individual bronze medal matches and the same is for team and mixed team competition: one electronic and one on paper scorecard. For each target, one athlete will enter the score on the paper score sheet; another athlete will make the electronic scoring.

All the athletes on the same target must verify that the correct scores are entered.

Please instruct your athletes to fill in properly the scorecards including total score, 10's and X's and sign the scorecards before handing them back after each round.

In case of tied score on positions 8 when we have more than 32 archers in the category or on the position 16 for teams, a shoot off will be arranged (1 arrow closest to the centre). Neutral targets will be used.

- Individuals: 1 arrow closest to the centre.
- Teams: 1 arrow each archer, all shooting at the same time (40 seconds). For Recurve 1 target face will be used while for Compound 3 target faces will be used per team (1 arrow per target face) and each archer will decide which target face to use.
- Mixed teams: 1 arrow each archer, all shooting at the same time (40 seconds), 1 or 2 target faces will be used per team (1 arrow per target face for compound) and each archer will decide which target face to use.

4) Technical Matters (TD + chairman of Judges)

4.1. Timing Control system

The national timing system will be used for timing with two displays on the competition field. On the practice field the spare timing system will be used.

4.2. Results system

Ianseo is the provider of the results. The scoring in the Qualification and Elimination Round will be done by the archers. One archer will write down the score on the paper score sheet and another archer will score on a terminal. The third/fourth archer verifies that the correct scores are entered.

The terminals are used during the Qualifications, Eliminations and Finals, but not during the Gold medal matches on Finals day.

4.3. Rules that apply in this event

4.3.1. Practice and start of the competition

At other WA events practice shall be for a maximum of 45 minutes but may be less and the competition shall start as soon as possible.

Practice on the competition field during byes will be limited to three arrows per end and maximum of three sets for recurve and five ends for compound.
