Dear Team Managers, dear participants,

Welcome to Mokrice, to the 3D European Championships 2016. Thank you for attending this important event for archers, Member Associations, the Organizing Committee and for WAE.

The Organizing Committee and the citizens of Slovenia sincerely welcome you. We will do our best to make sure that after the competition is over, all of you turn back home with warm memories and new friendships between participants from all over Europe.

We hope that at the end of this week we will have the feeling that this was a successful European Championships and a good competition for the archery, for our sport and for the O.C.

Please, feel free to make any comments and provide feedback at any time to Organizing Committee, as your input will help us to plan better events in future.

I am sure we will be enjoying a great week of ARCHERY!

Good luck to all participants!

Mr Leon Uratnik

Updated	21 August 2016

3.2. Competition Programme (attached)

The latest competition programme is attached at the end of this document. Any official competition schedule will have indicated the version number and the date, hour it was printed. The latest version of the Competition Schedule is Version 4 from 24.08.2016. The transport schedule is also included.

3.3 Practice

- Training range is available on August 28, 14:00-19:00 and August 29, from 10:00 to 19:00, in Terme Catez.
- Official practice for all categories will take place in Mokrice from 9:00 to 12:30 on August 30.
- Warm up during all days of the competition will be organized in Mokrice according the schedule published. Practice field will be open during competition only between one stage and the other, when it's possible, depending on safety for crew.

3.4. Equipment Inspection

Equipment inspection will follow the program of the official practice and will be held at the official practice field. Each team will be called (in the English alphabetical order) and invited by the judges to the dedicated place for the

Equipment inspection on the competition field.

- All teams shall wear or bring their team uniforms.
- Spare equipment must also be brought for inspection.

Athlete Numbers (badges)

- Athlete numbers will be issued on the day of the qualification round during practice and will not be changed during the competition.
- Athlete numbers must be worn on the quiver or thigh, facing the waiting line while shooting.

3.5. Targets and scoring zones

For this 3D European Championships SRT animal targets will be used. All pictures of animal targets are published at the end of this document and on the website together with their group numbers. CoJ will explain the border lines during TM meeting.

3.6. Qualification Round & Information on scoring

There are three(3) courses prepared for two qualification rounds. All qualification rounds are set up at Mokrice, with practice field and call area for all athletes.

The target assignment will be handed out on the day of the official practice. Regrouping of archers for the 2nd qualification round and new start list will be prepared only if the time will permits.

For the 2nd Qualification Round the division will change to another course.

There will be a designated location where spare equipment, bow cases and other equipment can be stored (under control) during the competition.

There will be two paper score sheets per archer, which must be filled in by the athletes themselves. All the athletes in the same group must verify that the correct scores are entered. The copy of the score sheet will be given to all TM's and the scoring will be explained (the 1st target is to be filled into the 1st line).

Please instruct your athletes to correctly fill in the scorecards including total score, number of 10's and number of 11's and sign the cards before handing them back after each round. All scorecards of each group must be returned together by one person, chosen as representative of the group.

In case of tied score on positions 16 (8, 4), a shoot-of will be arranged. Neutral targets will be used in the central area.

Two arrows per archer per target, both scored, 1,5 min. (90 sec).

3.7. Individual Elimination Round

There are three(3) courses of 12 targets prepared for the 1st Elimination Round and three(3) course of 8 targets prepared for the 2nd Elimination Round.

For the 2nd Elimination Round the division will change to another course not yet shot by that division.

The top 16 athletes per category from the 2 Qualification Rounds will qualify for the 1st Elimination Round.

The top 8 athletes per category from the 1st Elimination Round will qualify for the 2nd Elimination Round.

One arrow per archer per target, 1 minute (60 sec).

3.8. Team Elimination Round

The top 8 teams in each class qualifying from the two (2) Qualification Rounds will shoot 4 matches of 8 targets each. The winners of each match will proceed to the Team Finals Round.

3.9. Individual Finals Round & Team Finals Round

All semi-finals and finals for individuals and teams will take place at Mokrice.

3.10. Dress regulation (explained by WAE TD)

Book 4, Chapter 33, Article 33.1. & 33.2.

Athletes shall wear shirts with name and country at all times.

Sport shoes or walking boots shall be worn by all athletes and officials, these may be different styles but shall cover the entire foot.

Athletes may wear trousers of their choice, including denim, for the Qualification, Elimination and Semi-finals rounds.

Athletes shall wear full Team uniform, which shall not include denim, for Team Rounds and Medal Matches.

Clothing and equipment shall not be camouflage. No oversize or baggy type trousers are allowed.

Team Officials shall have their country on their shirt or jacket, and shall be the same colour, so that they are easily recognisable as part of the team.

3.11. Contact to TM's in case of equipment failure/medical problem

For easier contact to the TM in case he/she is needed because of equipment failure/medical problem, please stay in the central area or give us the phone number on which you will be called in case of emergency. In this case the time will start at the time of the phone call.

3.12. Appeal Procedure (Form attached)

An Appeal form is attached to this document. In case of an intent to Appeal

or an actual Appeal, the times indicated on the Appeal form must be considered.

The Appeal form should be given to the Chairman of the Tournament Judge Commission or to his deputy. A fee of EUR 50 must be paid to the Chairman of the Tournament Judge Commission, for the Appeal to be valid. If the Appeal is upheld by the Jury of Appeal, the fee will be returned. In the case of the Appeal being rejected, the fee will not be returned.

4. Technical Matters (TD + Chairman of Judges)

4.1 Rules that apply in this event

Fair Play

No range finders (for both athletes and officials) on official practice field (judges checked also the practice field distances) or on competition areas. No cell phones or cameras can be used on courses.

English is the language that must be used when talking to athletes when competing, and yes, no, good and bad is all the words you need to use.

Details will be explained during TM Meeting by Chairman of Judges We want to highlight

Book 2, Chapter 4, Article 4.5.7.1.4.3

The Finals Rounds in which the top four athletes per category qualifying from the second Elimination Round shall shoot two matches (the semi-finals and the medal finals) consisting of four targets each:

** In the first match (semi-finals), the athlete ranked first shall shoot against the athlete ranked fourth and the second shall shoot against the third. The winners shall move to the Gold Medal match and the others move to the Bronze Medal match;*

** In the semi-finals, the pair consisting of athletes #2 and #3 shall shoot first and the pair consisting of athletes #1 and #4 shall shoot second at all semi-final targets;*

** In the second match (medal finals) the athletes shooting in the Bronze Medal match shall shoot first at all targets, followed by the Gold Medal match;*

** In the Finals Round, the highest ranked athletes numbers one and two shall shoot from the left shooting position;*

** The two athletes competing in a match will shoot simultaneously;*

** The athletes of the different categories shall start their Finals Rounds in the following order:*

- Longbow women – Longbow men
- Instinctive bow women – Instinctive bow men
- Barebow women – Barebow men
- Compound women – Compound men

Book 2, Chapter 9, Article 9.1.1.5

For small animals (group size "4"), the organisers shall place two animal targets next to each other. The left placed athlete to shoot on that target shoots on the left target, the right placed athlete on the right target.

** For all other animal groups 1,2,3, the organiser may wish to add an extra animal target.*

Book 2, Chapter 9, Article 9.1.1.7.3

The 3D targets can be divided into 4 groups based on the size of the 11/10-ring.

	Group 1	Group 2	Group 3	Group 4
11/10-size	>130 mm	110-129 mm	70-109 mm	20-69 mm
Red	Targets from all Groups to be placed between 10-45 meters.			
Blue	Targets from all Groups to be placed between 5-30 meters.			

4-8 targets from each of the above mentioned sized 11/10 3D targets are to be used in each course.

Instinctive Bow

Book 4, Chapter 22, Article 22.4.1

A bow of any type, which complies with the common meaning of the word bow as used in target archery, consisting of a handle (grip), riser (no shoot-through type) and two flexible limbs each ending in a tip with a string nock. The riser is produced of a natural or resin based material (e.g. wood, bamboo, horn, cloth, fibreglass, and a portion of the riser may include carbon/graphite or metal). The riser must be of laminated construction or one piece of wood. The bow may be of a take-down type and may incorporate factory installed metal fittings in the riser for limb attachment, sight mount inserts, cushion plunger insert and stabilizer bushings only. The bow may include a single adjustable limb for tiller adjustment only, but may not have adjustable limb pockets for bow weight adjustment. The riser may include thin synthetic laminates up to 6 mm in width to use for limb/pocket protection for structural use within the riser, but no more than one quarter of the riser's construction may be produced of metal or synthetic material. The riser must contain some wood or bamboo. For non-takedown bows, limb laminates of any material that fade into the riser section are permitted. The bow is braced for use by a single string attached directly between the two string nocks, and in operation is held in one hand by its handle (grip) while the fingers of the other hand draw and release the string.

The bow as described above shall be bare, except for an arrow rest as described in [22.4.3](#) and free from protrusions, sights or sight marks, marks or blemishes or laminated pieces (within the bow window area) which could be of use in aiming. Weights inside the bow riser are permitted if installed during the manufacturing process of the bow and not post

construction. Any such weights shall be completely invisible on the exterior of the riser and be covered by laminates applied during the initial construction with no visible holes, plugged holes, covers or caps with the exception of the original manufacturer's inlay or insert logo.

Book 4, Chapter 22, Article 22.4.3.1

The arrow rest can be a simple plastic industry standard glued rest, a feather rest as supplied by the manufacturer or the athlete can use the bow shelf, in which case it may be covered with any type of material (on shelf only). The vertical part of the sight window may be protected by material which shall not raise more than 1 cm above the resting arrow or be thicker than 3 mm, measured from the riser directly adjacent to the material. No other types or arrow rests shall be allowed.

Longbow

Book 4, Chapter 22, Article 22.5.1

The bow shall correspond to the traditional form (shape) of a longbow (or American Flat Bow) conforming to a limb design that when strung the bowstring shall not touch any other part of the bow but the string nocks. The bow may be a two piece take-down, having two sections of similar length (take-down within the grip/arrow rest area), and may be made from any material or combination of materials. The shape of the grip (grip area only) is not restricted and centershot is allowed. The bow shall be free from protrusions, sights or sight marks, marks or blemishes or laminated pieces (within the bow window area) which could be of use in aiming.

Book 4, Chapter 22, Article 22.5.3

Arrow rest. If the bow has an arrow shelf, that shelf may be used as an arrow rest and it may be covered with any type of material (on the shelf only). The vertical part of the sight window may be protected by material which shall not rise more than 1 cm above the resting arrow or be thicker than 3 mm, measured from the riser directly adjacent to the material.

Shooting

Book 4, Chapter 23, Article 23.1.3

In Field and 3D every shooting position shall have a shooting peg or mark to accommodate at least two athletes. If two athletes are shooting simultaneously, the athlete with the lowest competitor number shall shoot from the left peg (or left side of the peg if only one), the athlete with the higher number shall shoot from the right peg.

Book 4, Chapter 23, Article 23.2.1

Athletes shall wait well behind the athletes in the shooting position unless they are assisting the athletes at the shooting peg spotting the fall of arrows or shading for their target companions. Shading is not allowed, however, in the finals unless determined necessary by the judge.

General Order of Shooting and Timing Control Book 4, Chapter 24, Article 24.9

In the Semi-Finals Round, whenever a Judge accompanies a group he shall start and stop the shooting verbally ("go" for the start and "stop" when the time has passed).

- * In Field and 3D rounds, the Judge shall show a yellow card as an indication when 30 seconds of the two minutes remain;*
- * No shooting shall be allowed after the time limit has expired;*
- * If an athlete shoots an arrow after the Judge has stopped the shooting, the athlete or team shall lose the highest scoring arrow at the target;*
- * In the Individual matches the two athletes will shoot simultaneously;*
- * In the Team rounds the teams will shoot one at a time with the highest ranked team choosing who shoots first, at the next and subsequent targets the team with the lowest score will shoot first and when there is a tie in score the team who shot first at target 1 will shoot first.*

Order of Shooting and Timing Control Book 4, Chapter 26, Article 26.3

26.3.1. When the target is free the first athlete (or the first two athletes) of the group at the post with the animal picture shall go to the shooting peg as soon as possible. The other members of the group stay behind at an appropriate distance.

26.3.2. It is not allowed for the athletes to walk in the direction of the shooting peg, and stand still at a short distance behind the shooting peg estimating the distance before shooting.

26.3.4. Should an athlete, having completed the full first Qualification Round, be unable to start shooting in the second Qualification Round because of a medical problem, he or she shall not be allowed to participate in the first Elimination Round (first 16 athletes from the two Qualification Rounds based on the cumulative scores of the two rounds). Should an athlete having started in the second Qualification Round, but not being able to shoot the whole round because of a medical problem, he shall not be allowed to participate in the first Elimination Round (first 16 athletes from the two Qualification Rounds based on the cumulative scores of the two rounds).

Shooting Control and Safety Book 4, Chapter 28, Article 28.2.6

In case of blinding sunshine, protective shade of a maximum size of A4 (or legal letter size, about 30x20cm) may be provided by the other members of the group or shall be provided by the organiser. No shade is allowed for the Final Rounds, unless it is deemed necessary for safety reasons by the Judge.

Consequences of Breaking Rules **Book 4, Chapter 29, Article 29.8.2.**

In the case of a Judge's timing an athlete and observing him exceeding the time limit, at the third and all subsequent warnings during that stage of the competition, the athlete shall lose the highest scoring arrow at the target.

Flow on field

During the Qualification and Elimination Rounds a group can pass another group if for some reason the team at the target is waiting for a technical fix or medical problem if a judge allows this.

Officials on course

No officials are allowed on the course. In case of a technical problem or the need of medical attention the group shall contact a judge who will refer the problem to the chairman of the judge commission who will seek out the team captain in order to care of the problem – therefore it is very important for the team manager or representative to remain in the central area.

5) Logistical Aspects (OC)
