1.3. Competition Program (attached)

The latest competition program is published. Any official competition schedule will have indicated the version number and the date-hour it was printed.

1.4. Practice and Warm Up

Official Practice (2,5 hours) shooting AB format:

Warm up during all days of the competition will be organized 30 minutes before the Competition on the Field of Play except for:

- During the finals the competing athletes will have the warmup organized next to the final field. Noncompeting archers will be allowed to use the Practice field till Sunday afternoon. All prescribed epidemiological measures must be strictly observed. The schedule will be published.

1.5. Equipment Inspection

Equipment inspection will be held following the program of the official practice. Each team will be called (in the English alphabetical order) and invited by the announcer to the dedicated place for the Equipment inspection on the competition field. Also, all spare equipment must be brought to the equipment inspection.

All team members (archers and officials) should wear their team uniforms and accreditation card.

The correct spelling of athlete's names, as well as the correct date of birth in the archers' list will be checked during the accreditation.

The start numbers will be given at the warmup on the day of the competition (it will be distributed on the shooting line, in front of each archer's position). When receiving the registration numbers, we would like each Team Manager to double check that each archer has the correct "athlete number".

There are some late arrivals of teams; however, we will try to publish the start list before the start of the Official practice, so archers can practice on their assigned targets.

There is no access to the Competition field for the Official practice before the accreditation is done.

1.6. Qualification Round & Information on Scoring

Target assignments will be published only on boards and on internet.

Shooting in qualifications will be conducted with 2 archers per target in AB format.

For the qualification rounds, no faces will be changed after the practice arrows. Please instruct the archers to mark their arrow holes during practice.

The athletes will have double scoring from qualification round till individual bronze medal matches: one electronic and one on paper scorecard. For each target, one athlete will enter the score on the paper score sheet; another athlete will make the electronic scoring. For the electronic scoring the wireless equipment will be used. Archers can train to use it during the official practice. All the athletes on the same target must verify that the correct scores are entered.

Please instruct your athletes to fill in properly the scorecards including total score, 10's and X's and sign the score card before handing them back after each round.

In case of tied score on positions 8 when we have more than 32 archers in the category, a shoot-off will be arranged (1 arrow closest to the centre). Neutral targets will be used.

1.7. Individual Elimination Round

For the elimination rounds, no faces will be changed after the practice arrows. So please instruct the archers to mark the arrow holes during practice. Matches will start as soon as the field is ready.

We will keep to the starting time at the beginning of the session and then the competition will run as it goes. Therefore, some matches could start sooner than the time indicated in the schedule. Please be aware of this and be prepared for it.

Byes are allowed. In case of a bye, archers will be allowed to shoot, but no scores will be recorded or allowed to be displayed.

The individual Elimination Round will start with the 1/48 in categories where we have 56 or more archers and with 1/24 in categories where we have 33 – 55 archers. Top 8 individual archers will go directly to the 1/16 finals. Archers from 9 to the last position will shoot the 1/24 eliminations, as appropriate. Then the top 8 will join the winners of 1/24 eliminations to complete the 1/16 elimination.

Please carefully check the schedule.

1.7.1. Recurve

The Set System will be used for Recurve division. All individual matches will consist of maximum 5 sets of 3 arrows per set. Archer with 6 set points wins the match.

1.7.2. Compound

1.8. Individual Finals Round - Bronze and Gold Medal Matches
