INFORMATION ABOUT BUCHAREST

Bucharest is the primary entry point into Romania. Bucharest is a booming city with many large infrastructure projects changing the old face of the city. Known in the past as "The Little Paris," Bucharest has changed a lot lately, and today it has become a very interesting mix of old and new that has little to do with its initial reputation.

Finding a 300 year old church near a steel-and-glass building that both sit next to a communist style building is commonplace in Bucharest. Bucharest offers some excellent attractions, and has, in recent years, cultivated a sophisticated, trendy, and modern sensibility that many have come to expect from a European capital. Those who knew Bucharest in the past but have not visited it after 2010 will be surprised by the scale of the changes that are taking place. Ambitious projects are quite common in Bucharest.

The largest project finished at this time is the impressive Basarab Bridge, which is Europe's widest cable-stayed bridge.
