

2026 European Youth Championships 19 - 26 JULY 2026 – ROMA (ITA)

version 1.1 (24 04 2026)

TO ALL European Archery Member Associations,
Dear President,

As Chair of the Local Organising Committee (LOC) of the **European Youth Championships** to be held in Rome, on 16 to 26 July 2026, I would like to invite you all to be part of one of the most important archery events to take place in the Europe in 2026.

Rome is a vast and layered metropolis, stretching across roughly 1,285 square kilometers, making it one of the largest cities in Europe by area. Its size is not just a matter of numbers but of texture: ancient ruins, Renaissance palaces, bustling neighborhoods, and quiet suburban districts all spread outward like ripples from a stone dropped in history. Unlike cities that grow in neat grids, Rome expands in a more organic, almost poetic way, shaped by centuries of empire, religion, and daily life. Moving through it can feel less like crossing a city and more like traveling through different eras stitched together.

Yet Rome's greatness is not only horizontal but also vertical in time. Beneath modern streets lie layers of earlier civilizations, giving the city a sense of depth that few places can match. Its population of nearly three million people inhabits a space where monumental landmarks coexist with ordinary routines, creating a scale that is both grand and intimate. Rome is large enough to feel endless, yet each district carries its own identity, making the city resemble a constellation of small worlds orbiting a shared, ancient heart.

Over the past decade, Rome has established itself as a remarkable stage for world-class archery events, consistently hosting competitions of extraordinary scale and prestige. The city has welcomed Italian National Championships with more than 1,500 participants, transforming its venues into vibrant arenas of precision and passion. In 2017, Rome shone on the global scene by hosting the Archery World Cup Final, drawing the sport's elite athletes into its historic setting. Its commitment to inclusivity and excellence is further reflected in the organization of two European Para Archery Championships, three Para Archery European Cups, and two editions of the Roma Archery Trophy. Together, these events have turned Rome into a true crossroads of international archery, where ancient grandeur meets modern sporting excellence.

"Rome isn't just a destination, it's a timeless experience waiting to unfold.
Come for the history, stay for the feeling that you've stepped into eternity."

Sincerely yours,

Sante Spigarelli
Rome OC Chairman

ACCOMMODATION

The concept of the event is designed to bring all participants together in a single location, creating a seamless experience where they can train, compete, eat, relax and, why not, have fun as well. The goal is to avoid long hours spent on buses or early departures at dawn just to deal with traffic and delays. For this reason, after carefully evaluating several options, the Local Organizing Committee has selected Roma Capitol Village, a four-star camping resort whose greatest strength lies in its vast green area, perfectly suited to host all competition fields and the necessary support facilities in one place.

The scale of the competition will ensure that a large portion of the venue is dedicated exclusively to participants, while still leaving ample space to accommodate accompanying persons, parents, and anyone else interested in being part of the event atmosphere.

Instead of choosing between hotels of varying cost and convenience, participating nations will be able to select from a range of small on-site accommodations, each offering different levels of space and services. This way, it will be possible to opt for anything from a three-room bungalow for up to six people to a single room in a double unit, depending on each team's needs and preferences.

In some cases, it will even be possible to choose more cost-effective options, such as a double bed instead of two single beds, or, on the contrary, opt for a more comfortable solution by assigning a double room to a single participant. For this reason, in addition to what is booked through WAREOS, we strongly recommend getting in touch with our highly professional staff, who will be happy to help identify the accommodation that best suits each team's specific needs.

Rooms are allocated on a first come, first serve basis. Accommodation includes breakfast and lunch with non-alcoholic drinks. Lunch and dinners will always be served in the lunch area of the village according a specific time schedule.

Reservation in official hotel is mandatory in WAE events
