

Subject: Invitation to attend Para-Archery Coaching Course (Pilsen, Czech Republic, 27–30 November)

Dear World Archery Europe Member Association / NPC,

On behalf of World Archery Europe and in cooperation with Czech Archery Association, we are pleased to invite you to attend an advanced coaching course in **Para-Archery**, to be held in **Pilsen, Czech Republic**, from **27 to 30 November 2025**.

This course will be led by Vincent Hybois, Head Coach for Para-Archery of France (French Paralympic team) Fédération Française de Tir à l'Arc, a highly experienced coach with multiple Paralympic credentials. Its aim is to disseminate best practices in coaching athletes with disabilities — from the very first arrow through to their first competitions.

Topics will include:

- Introduction and adaptation to disability in archery
- Techniques to work with balance, stability, visual impairment, and reduced upper-limb function
- Equipment adaptations and assistive devices
- Progressive training plans for beginner through competition levels
- Introduction to Classification procedures and athlete pathway
- Practical coaching sessions on the range

We believe your participation (or that of one of your coaches) would significantly contribute to the development of Para-Archery in your country. The exchange of knowledge among national federations will foster stronger cooperation across Europe.
